### Call for papers, workshops and tutorials

#### Mini track on Intellectual Capital Strategies in Emerging Markets.

**Track co-chairs:** Dr. Marien van den Boom, INHolland University of Applied Sciences and Prof. Dr Rongbin W. B. Lee, Hong Kong Polytechnic University

In the knowledge era emerging economies (or countries in rapid transition like China, India and Brazil) seem to turn their specific historical background, contextual circumstances, and social-cultural values to account. E.g. India enhanced its service industry by utilizing its cultural emphasis on the value of abstract knowledge. Malaysia strengthened its position in the global knowledge economy through employment of its strong government-business synergies and partnerships.

In this mini track we invite papers that explore the specific knowledge strategies of emerging markets or economies in rapid transition. Papers could address one or more of the following issues:

- the knowledge strategy of an emerging or rapidly changing country and the specific choices that are made at a national or regional level;
- contextual, historical or social-cultural factors that may have determined these choices for a specific strategy;
- contributions to our understanding of the process of value creation in the knowledge economy.

#### Submission details:

**Abstract details:** The Abstract should be a minimum of 300 and no more than 500 words including up to five keywords and keyphrases to be received by **7 October 2008**. Please read the abstract guidelines section of the website before submitting.

**Submission:** Online at <http://academic-conferences.org/ecic/ecic2009/ecic09-abstract-submission.htm>  
Please ensure that you complete all relevant sections of the form, including the conference track the abstract is intended for, the proposed title for the paper, the full names (first name and surname, not initials) and email addresses of all authors and a postal address and telephone number for at least one contact author. Please indicate clearly if the contact author is not the lead author..

**Full paper:** Only required when the abstract has been selected and not to be more than 5,000 words including abstract, keywords and references (the Harvard referencing rules need to be followed). Submission date will be no later than 25 November 2008. Papers should be submitted as .doc or .rtf file attachments by email to the Conference Manager, Elaine Hayne at [elaine.hayne@academic-conferences.org](mailto:elaine.hayne@academic-conferences.org)

#### Important information:

The selection panel of the conference committee will consider all abstracts received by the submission deadline to ensure that the proposed paper is relevant to the Conference. The authors of abstracts, which describe a relevant paper, will receive a notification of abstract acceptance. All full papers will be blind reviewed by members of the conference committee to ensure an adequate standard, that the proposed subject of their abstract has been followed, that the paper is of a suitable length, that the standard of English is adequate and that the paper is appropriately referenced. Papers that are accepted will be published in the conference proceedings providing at

least one author registers and presents the work at the Conference (see the registration section of the conference website for more information about registration). Due to the large number of papers expected for this conference, the committee only allows an author to present one paper. Therefore if multiple papers are accepted for presentation different co-authors need to present each paper.
