Call for Papers, Posters, Round Table Proposals, Practitioner Contributions and Product Demonstrations

The European Conference on Information Management and Evaluation (ECIME) provides a forum for both researchers and practitioners to come together to develop their understanding of both theory and practice in all aspects of IT/IS management and evaluation. The scope of ECIME reflects the increased use of technology to manage information in and between organizations of all types and sizes across the globe. ECIME 2009 will provide opportunities for people working and researching in the field to come together both formally and informally to share their knowledge and expertise.

The advisory group for the conference invites submissions of papers, and panel and workshop proposals on both the theory and practice of all aspects of IT/IS management and evaluation. The conference in September 2009 seeks quantitative, qualitative and experience-based papers from industry and academe. Topics may include, but are not limited to:

Publication opportunity

Papers accepted for the conference will be published in the conference proceedings, subject to author registration. The proceedings have an ISBN and ECIME proceedings are listed in the Thomson Index to Scientific and Technical Proceedings (ISTP), the Thomson Index to Scientific and Technical Proceedings (ISTP/ISI Proceedings), the Thomson Index to Social Sciences & Humanities Proceedings (ISSHP) and the Thomson Index to Social Sciences & Humanities Proceedings (ISSHP/ISI Proceedings).

Selected papers from the conference will be considered for a special conference issue of the Electronic Journal of Information Systems Evaluation – <http://www.ejise.com>. The journal is listed on the International Bibliography of Social Sciences (IBSS).

As well as full academic papers, the following submissions are welcomed:

Research in Progress; Researchers may submit current projects whilst they are still in progress.

Case Study Submissions; Submissions should be written to publishable standards.

Poster Submissions; welcomed in any of the areas identified in the call for papers.

Round Table Proposals; Topical subjects proposed for discussion.

Practitioner Contributions; Contributions, either presentations or demonstrations, from individuals and organisations working in the field. Presentation submissions should follow the abstract submission process. For product demonstrations, please submit a proposal of 200-300 words describing a research facilitation product you would like to demonstrate and the audience it serves. Proposals should be sent as an email attachment to [Sue Nugus](mailto:Sue.Nugus) not later than **16 April 2009**. Demonstrations themselves are expected to be approximately 15 minutes in length.

Submission details

Abstracts: All submission types require a 300-500 word abstract in the first instance, to be received by **26 February 2009**. Please read the guidelines at <http://academic-conferences.org/abstract-guidelines.htm>

Submission: Only accepted by [online form](#) submission at <http://academic-conferences.org/ecite/ecime2009/ecime09-abstract-submission.htm>

Full paper: Only required for academic submissions once the abstract has been selected, no more than 5,000 words to be received by **16 April 2009**. Papers should be submitted as .doc or .rtf file
