

ECIW 2008

**7th European Conference
on
Information Warfare and Security
University of Plymouth, UK
30 June -01 July 2008**

Conference Chair: Steven Furnell, University of Plymouth, UK
Programme Chair: Debi Ashenden, Cranfield University, UK
Keynote Speaker: Jeremy Ward, Symantic UK
Can Europe ever make a difference to global cybersecurity?

MINI TRACK CALL FOR PAPERS

Mini track on Resilience and Susceptibility of "Service Oriented Architectures"

Track chair: Tim Parsons, BAE Systems, Farnborough, UK

With the ability to map Enterprise business processes and governance models to a decoupled underlying layer of business information services, Service Oriented Architectures have matured rapidly since early 2000 and are increasingly central to the business transformation plans of organisations across many sectors.

Business information services, typically provided as web services, can be diverse in nature, originating from within or outside of the Enterprise (which may itself be decentralised), across the supply chain and wrapping legacy systems. Under these conditions issues of Trust, Identity Management and Message Security are paramount to the integrity of the system and ultimately the Business.

This mini-track calls for papers which explore issues of resilience, and susceptibilities of SOA including, but not necessarily limited to, Trust, Identity Management and Message Security.

Submission details

Abstract details: The Abstract should be a minimum of 300 and no more than 500 words including keywords to be received by **10 December 2007 (extended until 7 January 2008)**. Please read the [Abstract Guidelines](#) section of the website before submitting.

Submission: Online via the submission form at <http://academic-conferences.org/eciw/eciw2008/eciw08-abstract-submission.htm>. Please ensure that you complete all relevant sections of the form, including the conference track the abstract is intended for, the proposed title for the paper, the full names (first name and surname, not initials) and email addresses of all authors and a postal address and telephone number for at least one contact author. Please indicate clearly if the contact author is not the lead author.

Full paper: Only required after acceptance of abstract and not to be more than 5,000 words including abstract, keywords and references. Submission date will be no later than **28 January 2008**. Papers should be submitted as .doc or .rtf file attachments by email to the Conference Manager, Elaine Hayne, at elaine.hayne@academic-conferences.org

Important information

The selection panel of the conference committee will consider all abstracts received by the submission deadline to ensure that the proposed paper is relevant to the Conference. The authors of abstracts, which describe a relevant paper, will receive a notification of abstract acceptance. All full papers will be double-

blind reviewed by members of the conference committee to ensure an adequate standard, that the proposed subject of their abstract has been followed, that the paper is of a suitable length, the standard of English is adequate and the paper is appropriately referenced. Papers that are accepted will be published in the conference proceedings providing at least one author registers and presents the work at the Conference (see the registration section of the conference website for more information about registration). Due to the large number of papers expected for this conference, the committee only allows an author to present one paper. Therefore if multiple papers are accepted for presentation different co-authors need to present each paper. Author registration must be completed by **26 May 2008**.

Important dates

<i>Abstract submission deadline:</i>	10 December 2007 (extended until 7 January 2008)		
<i>Notification of abstract acceptance:</i>	17 December 2007		
<i>Full paper due for review:</i>	28 January 2008	<i>Notification of paper acceptance:</i>	7 April 2008
<i>Final paper due (with any changes):</i>	5 May 2008	<i>Author registration closes:</i>	26 May 2008

For operational reasons we have had to alter the submission dates for this conference. However, as we are aware that a considerable amount of literature was in circulation before we did this we will honour all submissions that arrive by the original dates (21 January for Abstracts and 10 March for papers). We would ask that you strive to meet the new dates as these have been arranged to allow a longer paper review period which we hope will give authors more time to arrange travel and registration after receiving reviewer feedback.

Conference Executive

[Debi Ashenden](#), Cranfield University, UK
[Dr John Biggam](#), Glasgow Caledonian University, UK
[Dr Andrew Blyth](#), University of Glamorgan, Wales, UK
[Dr Paul Dowland](#), University of Plymouth, UK
