

ECIE 2023

17th European Conference on Innovation and Entrepreneurship

21 – 22 September 2023, Universidade Portucalense, Porto, Portugal

Mini Track on Innovation, Entrepreneurship and Emerging Technologies in the Never Normal Context

Chair: Professor Renato Pereira, ISCTE Business School, Lisbon, Portugal

The world is changing at an unprecedented pace. The succession of unexpected events since the beginning of this millennium have been outdating any prospective scenarios shortly after they are released. 9/11/2001, climate change, Covid-19, and the Ukraine war have been requiring societies and businesses to develop unimaginable levels of resilience and flexibility. This new setting has been referred to in the literature as the 'never normal' era, a period increasingly dependant on emerging digital technologies developed by sharp and highly innovative entrepreneurs. With this setting in mind, we welcome meaningful research addressing how entrepreneurs, entrepreneurial ventures, and firms are reacting to this reality.

Suggested topics include but are not limited to:

- Innovation and innovation management
- Technological entrepreneurship and emerging technologies
- Venture creation in the 'never normal' setting
- Entrepreneurial behaviour in the 'never normal' setting
- Entrepreneurial finance for emerging technology development

Professor Renato Pereira, PhD in Management Sciences, is Professor of Entrepreneurship, Innovation, and International Business at Iscte Business School, Lisbon, Portugal. His research interests cover the organizational implications of creativity and innovation, the role of emerging technologies on new business opportunities, and valuation methods of innovative start-ups.

Submission details

In the first instance a 300 word abstract is required, to be received by 1 March 2023.

Submissions must be made using the online form at: <http://www.academic-conferences.org/conferences/ecie/ecie-abstract-submission/>

If you have any questions about this track please email the mini track chairs: Renato.Pereira@iscte-iul.pt
