

2nd Symposium on AI Opportunities and Challenges (SAIOC)

An Avalanche of AI to Radically Change Society

One-day Online Symposium, 18th June 2024

Co-Hosted by Mid Sweden University, The University of Gävle, Sweden, Uppsala University, Sweden and EM Normandie, France

Symposium Co-Chairs

[Jimmy Jaldemark](#), Mid Sweden University, [Peter Mozelius](#), University of Gävle, Sweden, [Niklas Humble](#), Uppsala University, Sweden and [Paul Griffiths](#), EMD Normandie, Oxford Campus, UK

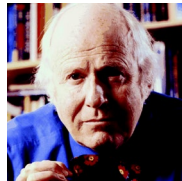

This one-day online Symposium will bring together a range of thought leaders in the field of Artificial Intelligence who will collectively explore the current state of AI as it is applied to a wide range of different aspects of society. The event will feature 4 keynote presentations, each followed by open discussion sessions. Between these keynote presentations there will be a series of sessions where attendees will have the opportunity to present their own work, research, and/or experiences of AI challenges and opportunities in education.

Keynote Speakers:

The allure and dangers of the silicolonization of our lives

[Prof. Dr Dagmar Monett Díaz](#), Berlin School of Economics and Law (HWR Berlin), Germany

GenAI will close the gap between the rich and the poor – A debate

[Prof. Paul Griffiths](#), EM-Normandie Business School, Métis Lab, Oxford Campus, UK and [Dr Dan Remenyi](#), ACIL, Reading, UK

Educating the AI professional: The Role of the Tertiary Sector

[Prof. Dr Arnold Pears](#), KTH Royal Institute of Technology, Stockholm, Sweden

Submit your Research:

AI is having a significant impact on how society functions and how it understands its future. Here are only some ways in which this is happening:

- Understanding the environment including the issues related to climate change.
- Safety, government regulation and internal governance.
- AI ethics and fraud.
- The effectiveness of scientific research.
- Health.
- National defence.
- Education from cradle to grave.
- Productivity improvements especially in the white-collar environment.
- Professional performers, scriptwriters, and other support roles.
- Social interaction.
- Criminal justice policy and practice.
- Local, national, and international travel.
- And many other aspects of society.

We welcome contributions on these or other relevant topics. We also welcome **AI case studies** from different settings, e.g., academia, business, project management, digital marketing, design, etc. The closing date for abstract submissions is 1 May and we will complete the selection by 8 May 2024.

To submit an abstract, click [here](#)

The Symposium welcomes individuals who wish to observe without presenting – see the registration link below for further details.

To register to attend the Symposium click [here](#)

- Registration with a presentation **£100**
- Attendance as a listener without presentation **£50**

Important Dates

1 May 2024 Closing date for Abstract submissions for presentations

1 June 2024 Final date for Presenter Registrations
